About the event

The Heathrow Jobs & Careers Fair is a great opportunity for local young people to connect with employers, training providers, and volunteer organisations, and learn all about the range of career paths at Heathrow.

Over 75,800 people work for over 400 companies at Heathrow. The airport offers a whole host of employment opportunities including airline staff, security personnel, ground crews, fire and police officers, engineers, construction workers, caterers and retail staff.

People from all types of backgrounds with a whole host of skills are on hand to ensure the safe arrival and departure of over 190,000 passengers a day across five terminals.

Heathrow encourages companies operating at the airport to recruit local people from Ealing, Hillingdon, Hounslow, Slough and Spelthorne and help them gain the relevant qualifications. Over half of the people employed at Heathrow live locally.

Welcome from Heathrow

Welcome to the 11th annual Heathrow Jobs & Careers Fair

The Heathrow Jobs & Careers Fair is your opportunity to meet prospective employers and explore the many different career paths available across Team Heathrow. As Britain's global hub, we are always looking for talented young people to join us in giving our passengers the best airport service in the world.

Today you have the opportunity to meet with a diverse range of employers across different industries, including aviation, retail, airport management and engineering – to name but a few. Whether you're looking for internships, graduate schemes, apprenticeships, or entry-level work, there is something for everyone here, so please make the most of the day by speaking with employers and finding out about the opportunities on offer.

The government supports Heathrow expansion, which will create jobs and growth across our region. At the airport alone, expansion will create up to 40,000 jobs and 10,000 apprenticeships. We have established an independent Skills Taskforce, led by Lord Blunkett, which will plan how we make sure that children in schools today can get the skills they will need for a successful career at an expanded airport – the pilots, accountants and services professionals of the future. This can be transformational for our communities; in fact, it could be the chance to end youth unemployment in the local area.

I wish you all the best in finding a career path that suits your talents and ambitions for the future.

Best wishes

John Holland-Kaye,
Chief Executive, Heathrow

Did you know...

The airport's cafés and restaurants boil, fry, scramble, whisk and soufflé more than 100 million eggs each year.

Heathrow sells 26,000 cups of tea and 35,000 cups of coffee every day.

A bottle of Chanel No.5 is sold at World Duty Free every nine minutes.

The site on which Heathrow stands was first developed in 1930 as an aircraft test site with a single grass runway.

The initial British Airways flight, taking off from Hounslow Heath, carried a single passenger and cargo including newspapers, Devonshire cream and grouse.

The airports cafes and restaurants serve over 974 tons of chips each year.
